01 Product overview

Eyelid light

Product code	EYELID
Product reference	10026
Rated power (standard LED)	3.6 W
Ingress protection	IP68
Standard cable length	2.00 m
Warranty period	10 years

Product record updated: 2026-09-07 20:51:58

Specification notes revision: 0

02 Light & electrical

Available LED options (colour / power)	2700K / 1.6W 2700K / 2.6W 2700K / 3.6W 2200K / 1.6W Monochromatic Amber (Better in the case of Turtle/Bats/Wildlife) / 1.6W

03 Mechanical & construction

Body material by finish	Black powder coat: CNC machined 6082-T6 aluminium Green powder coat: CNC machined 6082-T6 aluminium Brass: CNC machined Brass CZ121 Copper: CNC machined Copper C101 CorTen Powder coat: CNC machined 6082-T6 aluminium CUSTOM RAL: CNC machined 6082-T6 aluminium Terra brown (formerly Bronze (RAL 8040)): CNC machined 6082-T6 aluminium Solid Bronze: CNC machined Bronze CA104
Available finishes	Black powder coat; Green powder coat; Brass; Copper; CorTen Powder coat; CUSTOM RAL; Terra brown (formerly Bronze (RAL 8040)); Solid Bronze

04 Service & circularity

TM66 assessment score	2.6

05 Ordering

Available options	Pre aging of Brass, Copper or Bronze; Upgrade CRI to 95 - Not applicable to Amber and not available on 3.6W

06 Product FAQs

Which LED colors are available in the U.S.?

For the U.S. range, you can choose 2700K warm white or monochromatic amber. Select your preferred LED color when configuring the light.

What is the cut out size?

25mm

Do I need an installation sleeve?

Only if the material the product is being installed in is wet poured e.g. concrete, self levelling componds, or rendered, or if in loose gravel. If the light is to be installed within natural stone, porcelain tiles, timber, steel etc then simply make a 25mm hole for installation.

What bulb does this fitting take?

It's an intergrated LED - that is user-replaceable! We supply the replaceable LED's beyond their 10 year warranty for as little as £14/$17
